

## Dedication Rites At Donner Site Is Slated October 16

### Plaque Will Be Placed To Mark Site Of Donner Family Camp

Dedication of the site of the Donner families tragic camp on Alder creek will be held Sunday, October 16 at 2 p. m. with a fitting program, it was announced this week by N. F. Dolley, manager of the Truckee Donner Chamber of Commerce and chairman of the committee in charge.

The affair is being sponsored by four organizations, the local chamber, William Morris Stewart Chapter of the E. Clampus Vitus of Nevada City, the Nevada County Historical Society and the Native Daughters of the Golden West of Sierraville.

Names of these sponsoring organizations will be placed on the plaque designating the site of the camp. The plaque will be mounted on a large boulder to be placed at the site by equipment provided by the Isbell Construction Company currently engaged in a construction project in the vicinity.

Robert Paine, active in both the historical society and the E. Clampus Vitus, will officiate as the master of ceremonies and speakers will include Assemblyman Paul J. Lunardi, State Senator Ron Cameron and Representative Harold T. Johnson, all of whom have been invited to attend the ceremony. Henry Branagh, supervisor of the Tahoe National Forest and Roy Saarni, Truckee district ranger, and Dan Pello, grand humbug of the E. Clampus Vitus, will be among the honored guests.

The program will open with the invocation by Rev. George Symons and will close with the benediction by Father P. J. O'Neill. Boy Scouts of Troop 7 will be in charge of the flag ceremonies and Mrs. Roy Saarni will give a short talk on the history of the Donner families. Also among the speakers will be District Attorney Harold Berliner and Mrs. Eliza Kilroy of the historical society.

The Tahoe Truckee High School band will play and two solos will be rendered by John J. McGlade. Lee Apple, local chamber president, will welcome the visitors and guests.

Concluding the affair, the Truckee Fire-ettes will serve coffee.

## Junior Varsity Wins Fallon Game Here

Although the varsity game with Fallon last Saturday was called off due to the lack of local players available, the Junior Varsity of the Tahoe Truckee High School took the JV's from Fallon by a 7 to 0 score.

It was the first game played on the new athletic field here and was marked by thrills and good plays. Saturday both the Juniors and the Varsity will be in action here against Quincy, the JV game to begin at 11 a. m., the Varsity at 2.

## WORK IS STARTED ON PROJECT ON DONNER

Work started last week on surface drainage improvements on the six miles of U. S. 40 freeway between Hampshire Rocks and Soda Springs, according to an announcement from the Marysville district office of the state division of highways.

Located about 12 miles west of Truckee, the \$74,000 project under contract to Clements Construction Company of Fremont will entail installation of larger drainage units to expedite snow pack removal and speed water runoff.

Little interference with traffic is anticipated except that one lane of the four-lane facility may be closed for limited times at various locations within the job limits. Work is expected to be completed within two months.

Tom Heather of Grass Valley is the resident engineer for the division of highways.

## JUDGE HAS TROUBLE EMPLOYING CLERK

Judge Fosten Wilson of the Truckee Judicial Court has found after much inquiry that no one is interested in the position of clerk of the court under the present \$231 per month salary.

Since the present clerk is resigning to attend to other matters, the local judge has been trying to replace her to no avail, although the position is a vital one to the town and county.

## FEAST OF BACCHUS PLANNED BY CLUB

A bacchanalian feast will be held under the auspices of the Soroptimist Club to be held October 4 from 7 to 9 p. m. in the Crystal Bay Club, according to publicity chairman, Mrs. John Leva.

The price of the affair will be \$1.50 per person and will include wine tasting, the proceeds going to the service fund of the organization.

## Donner Museum Is Assured In Spring. Lunardi Declares

Rumors to the effect that the \$200,000 appropriated for the construction of a museum at Donner Memorial State Park would be transferred to Squaw Valley Park were denied this week by Assemblyman Paul J. Lunardi.

In a letter to the Sierra Sun, Lunardi said:

"After making inquiries, I can assure you that these are strictly rumors and I have no idea how they got started. As you know, there were three museums authorized: the Marshall Museum at Coloma which is under construction; the Morro Bay Museum on which the division of architecture is now preparing final plans, and the Donner Memorial Museum.

"The division of beaches and parks is currently preparing the general design and interior plans for this museum. The site has been selected and will be located near the shores of Donner Lake where visitors can also get a beautiful view of the lake.

## Four Hurt Badly In Crashes In District

Four people were seriously injured at 12:15 a. m. Sunday when a car driven by Milton R. Dailey, 31, Oakland was wrecked a mile west of the foot of Donner grade. All were taken to the Tahoe Forest Hospital for treatment.

Most seriously injured was William Dailey, 25, who suffered a critical injury to his spine when a 4-inch pellet pistol barrel in some unaccountable manner pierced his back to the handle. Doctors at the hospital removed the handle and rushed the victim to a Reno hospital for specialized treatment in removing the barrel.

Others injured and taken to Oakland after treatment here included the driver, Juanita Dailey of Oakland; Betty Cheadly and John Cook of Palo Alto.

BOYS IN CRASH  
Michael Kumble, 16, driver and Stanley Briley, 15, both of Truckee escaped serious injuries at 12:15 Sunday morning when a Jeep they were driving overturned a quarter (Continued on Page 10)

## BOEHMS LOST FARM IN DONNER BLAZE

Among the major losers in the recent Donner Ridge forest fire were Mr. and Mrs. E. E. (Pike) Boehm, whose 160-acre Christmas tree farm was wiped out completely, with a loss of approximately \$2,000 annually to the well known couple.

Boehm was formerly ranger for the Tahoe National Forest on the Truckee district and retired a short time ago, depending largely upon his tree farm for a livelihood.

The loss of the farm was revealed in a recent television show on station KCRA at Sacramento when Stan Atkinson interviewed Boehm, Supervisor H. G. Loehr, Game Manager George Wurst, Supervisor of the Tahoe Forest Henry Branagh and others, in an interesting half hour show of the damage.

## JANITOR NEEDED AT PATROL OFFICE HERE

The state personnel board has called an examination to fill the post of janitor at the office of the Truckee Highway Patrol and Department of Motor Vehicles.

The final date for filing to take the examination is September 30 and the exam will be held October 22. The position pays from \$310 to \$76 monthly. It is for men only.

Anyone interested may apply at the office of the highway patrol in Truckee.

## Soroptimists Meet

The third district of the Soroptimist Club held a meeting September 18 at South Tahoe with Blanche Donaldson, president of the north Tahoe club and the following members attending the informative session. Those making the trip included Ruth Mizner, Tally Daneri, Barbara Spitsen, Helen Beaverson, Marie Henry, Sophie Leva, Markey Williamson, Marty Reich.

ANNIVERSARY  
Mr. and Mrs. N. F. Dolley Tuesday night enjoyed the Liberace show at Harrah's Lake Tahoe where they observed their 25th wedding anniversary.

## Buck Derby To Be Started As Deer Season Is Opened

### First Award To Be Made Sunday As Contest Is Opened

William Fordham, president of the Truckee Outdoor Sportsmen, this week announced details of the first annual buck derby sponsored by the local sportsmen and in which everyone is invited to participate. The derby starts Saturday and ends with the closing of the hunting season when the grand award will be made.

The first of the weekly prizes will be awarded Sunday night, September 25 at 8:30 p. m. at Bud's Sporting Goods store in Truckee and will be a 30-30 rifle. Similar prizes will be given each week throughout the season with the grand award, a .308 automatic calibre rifle going to the hunter with the largest buck at the conclusion of the season. The gun is on display at Welch's Hardware.

Weighing stations are located at Osburn's Flying A Station, Hintz Gateway Store and at the west end of Donner Lake.

Although everyone is invited to enter the contest, officers and members of the Truckee Outdoor Sportsmen are urging everyone to join the organization which has done so much to promote good hunting and fishing in this district.

The buck derby was designed to replace the annual buck stew, sponsored by the club, and it is hoped the same cooperation will be given by everyone.

Weekly winners will be announced on a blackboard in Bud's window and in the following issues of the Sierra Sun.

The derby is limited to bucks killed in Sierra, Nevada and Placer Counties and awards are made only for the heaviest field-dressed buck weighed at the official station before 8 p. m. each Sunday.

## KUHN AND MILLER TO BAN ALL HUNTERS

The sheriff's office here has been notified that all of Kuhn and Miller's property has been closed and will be posted and patrolled against hunters and trespassers.

The area is located east of the Hirschdale-Martis Creek road to near Murphy Meadow and contains a sizeable portion of land.

Deputy Sheriff Roy Waters said he was advised the action was taken because of the extreme fire dangers which exist in the region.

## CHAMBER TO TALK ON INCORPORATION

What can or will be done about a recent announcement that Truckee for the past 80 years has been an incorporated town, will be discussed at the meeting of the Truckee Donner Chamber of Commerce at Donner Lake Lodge at noon next Wednesday.

Just what steps are necessary to activate the city is a problem which must be decided and the chamber has assumed the responsibility of determining the present status.

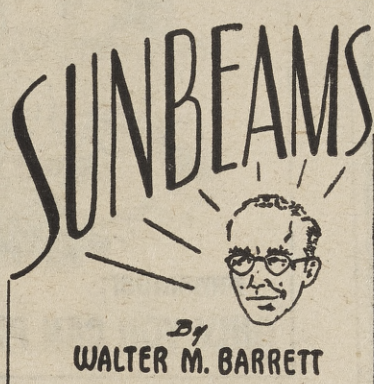

Also to be on the agenda is the proposed dedication of the site of the Donner families on Alder Creek scheduled for October 16.

Other matters of interest to the community are scheduled for discussion and President Lee Apple is asking for a representative turnout of members.

## WCS ENJOYS POT LUCK AT LAKE MEET

KINGS BEACH — The WCS of the Community Methodist Church met for a pot luck luncheon on Wednesday at the home of Mrs. Ruth Mizner. The vice president and program chairman, Mrs. H. R. Holler, gave the devotions and study. Her topic was "The Chart and the Compass." The theme for the year is "The Word . . . in Our Midst." Last week Mrs. Holler, Mrs. Vera Mosier and Mrs. Mizner attended the officers' training session at Fallon, Nevada.

GETS 30 DAYS  
Raymond Dixon of Truckee was arrested last Monday by Nevada County deputy sheriffs for violation of probation. He was brought to trial in the Truckee Judicial Court before Judge F. W. Wilson Tuesday and sentenced to 30 days in the county jail.

With the hunting season opening Saturday in a forest explosively dry, officials are issuing a serious warning to hunters to be extremely careful in handling matches, cigarettes and camp fires. Until the first major storm, the danger is high and while no unwarranted restrictions will be placed on the visitors to the forests during the hunting season, it is only right that they be forced to use care and penalties for violations may be severe. For the most part hunters and fishermen are careful, but there are always the few who have little regard for the rights of others and have no respect for the privileges offered in our beautiful forests. It is hoped the hunters will maintain the fine record of the past few years and see to it that no fires are started.

We are devoting a small part of this column to advise that the Sierra Sun is again local headquarters for personalized Christmas Cards. Orders are being accepted and the selection is big.

## Dr. Cole Arrives To Practice In District

Dr. Fenwick Cole, recently of Lewiston, California, has arrived here to join Dr. Ray H. Wiser in the practice of general medicine and surgery.

For many years Dr. and Mrs. Cole have been coming to this area on vacations and have decided to make it their permanent home. Presently they and their two-year-old daughter, Kelly, are living at Tahoe Park, the doctor commuting to the office at Gateway Park.

Dr. Cole is a graduate of the school of medicine at George Washington University in Washington, D. C. and had his training at the Permanente Hospital in Oakland before going to Lewiston.

A native of Florida, Dr. Cole served in the army in the European theater, although only 18 at the time. He returned to enter school, graduating with honors.

J. J. McGlade, administrator at the Tahoe Forest Hospital said Dr. Cole comes here with high recommendations.

## SQUAW CONTRACT IS DECLARED LEGAL

The state legislative counsel ruled the state's 28 year concession contract at Squaw Valley State Park is legal in all respects.

State Senator Virgil O'Sullivan of Colusa County requested the opinion after it was disclosed one of the concession contractors, William A. Newsom of San Francisco, was a member of the state unemployment insurance appeals board, a \$17,000 a year full time position.

"In our opinion the contract is not, by reason of the fact that the concessionaire is a state officer, void or voidable, nor presumed fraudulent, nor has the officer committed any crime," the opinion states.

## ZONING MEETING FOR TAHOE SEPTEMBER 26

TAHOE CITY—Louis Celia, president of the Tahoe Cedars Property Owners Association announced that a public hearing by the Board of Supervisors of El Dorado County will be held September 26 at 3 p. m. at Placerville on the R-M zoning for the Tahoe Cedar Tract.

Celia advises all interested parties to be at the hearing.

## Luncheon

The Assumption Guild will be hosts at a luncheon Sunday, September 25, at 1 o'clock in the parish hall of the church honoring the Grass Valley Deanery and their affiliates.

TAKE COURSE  
Mr. and Mrs. Richard Higgins are taking a 14 weeks course in accounting and general U. S. Post Office procedure being held in Reno. The informative course is sponsored by the United States Post Office Department.

## Hunting Prospect For Saturday In This District Good

### Hunters Warned Of Powder Dry Conditions In Forests

Deer hunting prospects for the season opening Saturday, September 24, are rated generally good by the California Department of Fish and Game, but the agency warns hunters to be particularly careful afield because of the high fire hazard throughout the state.

"Hunters normally are safety conscious in regard to fire, but I am appealing to all hunters to be more so this year," Director Walter T. Shannon of the fish and game stated. "Matches, cigarettes, camp fires and other combustibles should be regarded as highly dangerous materials that can not only destroy valuable property but can ruin your hunting pleasure for years to come," he said.

He also urged drivers of vehicles to make certain their exhaust pipes do not set fires in dry grassy areas. The bag limit in this area is one

Continued on Page 10

## Flying Club Here Buys New Plane

Organization of the Tahoe Truckee Flying Club, made up of 15 members and affiliated with the Civil Air Patrol, has been completed and is in operation.

Only recently the group, which flies and instructs on weekends, purchased a Cessna trainer which is based at the old Truckee airport four miles east of here.

The two most recent solo fliers in the organization are Dwight Roberts of Truckee and Matt Siegel of Tahoe City.

The group holds monthly meetings under President Tom Coster of Tahoe City. The secretary is James Bromfield of Truckee and the treasurer is James Clark of Tahoe City. The group was organized by Jack Houlgate, manager of Clements Rock Products and an ardent pilot. The instructor for the group is Dr. John Lentine of Tahoe City.

## BURNED OVER AREA HAS RODENT POISON

The recent Donner Ridge fire area was subjected to bombardment by millions of green colored wheat kernels this week. Each kernel of wheat is covered with a coating that is repellent to birds, but attractive and lethal to squirrels and mice.

Much of the fire area has a good ground cover of currently falling pine and fir seeds but many of these were being consumed by the rodents. By removing the rodents we can expect a large increase in the germination and survival of tree seedlings.

Assistant District Ranger Norman Anderson warns that dogs should be kept out of the fire area for at least a month since it is possible a dog may be poisoned if he eats a rodent that has ingested some of the grain.

## CONTRACT AWARDED FOR SUMMIT PROJECT

SACRAMENTO — (CNS) — The state department of public works has awarded contracts totaling \$977,749 for construction of seven new buildings, including two residences, at the division of highways Kingslake Maintenance Station on U. S. 40 near Soda Springs.

The general contract of \$748,000 went to Singleton Corporation, Redding. Other contracts included combined mechanical work, \$149,053, to C. W. Hall Plumbing Co., Santa Rosa; electrical work, \$59,660, to Collins Electrical Co., Inc., Stockton; and food service equipment, \$21,036, to Dohrmann Hotel Supply Co., San Francisco.

## LITTLE LEAGUE WILL HOLD SUNDAY MEET

There will be a meeting of parents of all four clubs of the Little League on Sunday evening at 8 o'clock in the main dining room of Crystal Bay Club.

The meeting is for the purpose of formulating plans for the Little League as well as a proposed Babe Ruth League for next summer.

A large representation of all parents is requested as decisions will be made.

## Low Bid Received For More Work On Truckee Shortcut

A low bid of \$348,350 was received yesterday by the state division of highways for the widening and resurfacing of three miles of the Truckee Shortcut beginning 2.6 miles north of Kings Beach, according to officials at the Marysville office.

George E. Miller Construction Company, Inc., of Reno was the lowest of eight bidders.

The project is a portion of the overall program of reconstructing and widening, with some realignment, the 12-mile county road in Placer and Nevada Counties between Truckee and the north shore of Lake Tahoe.

New width of the current job will be a 30-foot all-paved section of asphalt concrete to replace the existing oiled gravel. Several short-radius curves will be lengthened for safer, easier driving, and sight distance will be improved.

The contractor is not required to start work until April 1, 1961. However, he may undertake culvert installation on a half-width-at-a-time basis earlier. The existing pavement will not be disturbed until April and no detours will be required during the winter.

The route is a part of the federal-aid secondary road system and is included in the state-wide program of improving these important county highways. The project was initiated by the Placer County board of supervisors and will be financed jointly by county, state, and federal funds.

The 1.5 miles from the Placer-Nevada County line north was completed earlier this month, and 4.4 miles from the county line south was completed last year.

## Fire At Gateway Held To Minimum

Either children playing with matches or a carelessly tossed cigarette is blamed for a potentially serious fire which started in the dry pine needles just east of the Gateway Shopping Center on the north side of the road Friday at 3:30 p. m.

Due to the speed with which the Truckee Volunteer Fire Department and the forest service suppression crew responded, the blaze was confined to a small area and did not get into the trees.

The fire was discovered by Mrs. Zeph Rose who saw it spring up and immediately notified the fire department.

This marked the third fire in that area during the past few weeks and led officials to again warn parents of the extreme danger of children playing with matches.

## FOUR BABIES BORN AT LOCAL HOSPITAL

One girl and three boys arrived at Tahoe Forest Hospital during the past week, Kelli Marie was greeted by her parents, Mr. and Mrs. Harry Stevens of Kings Beach on September 19. The little girl's first weight was 6 pounds, 11 1/4 ounces.

Brian El Roy was born September 15 to Mr. and Mrs. Melvin Arent of Truckee, tipping the scales at 7 pounds 13 1/2 ounces.

Mr. and Mrs. David Skeahan of Tahoe City became the parents of a son named Ronald Kurt, September 17. He weighed in at 7 pounds, 5 ounces.

There was an addition to the home of Mr. and Mrs. Billy Cole of Soda Springs on September 18 with the arrival of a son, Ronald Lee whose registered weight was 5 pounds, 15 ounces.

Mr. and Mrs. Gerald Perata of Squaw Valley named their son Marco Joseph after his birth September 13.

## WOMEN'S CLUB WILL HOLD MEET SEPT. 26

KINGS BEACH—The North Tahoe Women's Club will hold their first luncheon in the Crystal Room of the Crystal Bay Club on Monday, September 26 at 12 noon. Mrs. Lee Aversente of Campbell, California, will demonstrate flower arranging using flowers and shrubs of the local area.

Mrs. Aversente is president of the Campbell Garden Club and won many prizes with her original flower arrangements. Reservations may be made by calling Mrs. Otto Watler at LI 6-2131 or Mrs. Bethel Van Tassel at LI 6-3842.

## Fitzgerald Is Held By Portland; Will Be Returned Here

### Slaying Suspect Is Among Ten Most Wanted By Federals

Stanley William Fitzgerald was apprehended in Portland, Oregon and was being held for Sheriff Wayne Brown who was scheduled to leave today to return the suspect, according to a teletype received this morning by Chief Deputy Roy F. Waters.

Fitzgerald was the fifth on the ten most wanted men arrested by the Federal Bureau of Investigation during the past 24 days. He was carrying a .22 calibre revolver when arrested and it is believed this may have been the gun used in the local murder. Fitzgerald was going by the name of Ralph Johnson when he was arrested.

WASHINGTON—Stanley William Fitzgerald, an Oakland bad check artist and accused holdup slayer, was put on the FBI's list of the ten most wanted fugitives.

The husky ex-convict is being sought as the gunman who killed a San Franciscan and wounded another man in a robbery near Truckee August 3.

The FBI said Fitzgerald, 39, drove a stolen station wagon to a lonely ravine north of Truckee and forced his victims to strip. In the ensuing battle George Bonn, 55, of San Francisco, was shot to death and M. J. Young, 41, of Lewiston, was badly wounded.

## Time Change Will Be Next Sunday

It is again about time for the semi-annual confusion of the time.

Daylight saving time ends Sunday, September 25 at 2 a. m. and the state will revert to Pacific Standard Time.

This means that clocks and watches will be set back one hour, making up for the hour lost last spring when the state took up daylight saving time, and clocks were set ahead an hour.

## GOLF PUMP HOUSE IS DAMAGED BY VANDAL

Deputy Sheriff Emery Lander was called to the golf course water pump house Saturday to investigate what proved to be a serious case of vandalism.

A screen over a small window in the building had been ripped off and havoc had been raised inside. Oil was spilled over the floor and pump, the meter box had been smashed with a wrench, the oxygen tank overturned and the electrical fuse boxes opened.

Ronny Martin, who called the officer, said that apparently two sticks of dynamite had been stolen but nothing else was missing. Damage will run over \$100.

## CASH STOLEN FROM LOCAL PARISH HOUSE

Father James Mulligan of the local Catholic Parish, reported to Deputy Sheriff Roy Waters that an undetermined amount of cash was stolen during a robbery at the Truckee parish house last week.

The money was from the Sunday collection in the churches of the parish and had been secreted pending a bank deposit.

Earlier this month, a thief entered the church at Squaw Valley, ripped open the valuable charity box which had been fastened to the floor and escaped. The box had been emptied only a few days previous and the sum lost was believed small. Later the box was found but was so badly damaged that it was useless.

## TAHOE BUILDERS IN ELECTION MEETING

KINGS BEACH — The board of directors of the North Tahoe Builders Exchange, a branch of the Sacramento Builders Exchange, met Wednesday, September 21, in the dining room of the Trade Winds, Kings Beach, for the purpose of electing officers.

At the general meeting held last Wednesday, September 14, C. Ellear was elected chairman of the board.

A new organization, the offices of the North Tahoe Builders Exchange are located at Lake Tahoe on Highway 28, with members drawn from Reno, Truckee, and the Lake Tahoe area.

## A WALKING STICK PLATE

Bought a Stick on Wednesday is the caption on a painted scene centering a soup plate of Haviland on display at Heller's Variety. The picture shows a man with a dog on leash examining a walking stick while another man and the woman owner of the umbrella shop looking on. The ware was made at Limoges, France and a specimen of the plate was shown at the Paris exhibition.

# AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO —(CNS)—Addi-  
tional attacks on California's nar-  
cotics problem are under way by  
the state department of correc-  
tions, according to Richard A. Mc-  
Gee, director, who has announced  
a new program in San Francisco,  
and expansion of operations in Los  
Angeles.

And for the first time, the state  
will include treatment of women in  
its effort to decrease use of narco-  
tics through prevention programs  
affecting readdiction.

McGee said a group of state pa-  
role agents have begun training to  
start actual operation August 1 in  
the bay area. Already, two units in  
the prevention field are operating  
in the Los Angeles area, having  
started last October.

Initial results of the two existing

The public is cordially  
invited to attend

units are highly promising, McGee  
said. He pointed the projects out  
as a new approach to the problem.  
"It is a way of striking at the  
narcotics racket in its pocketbook  
where it hurts most, through close  
control of its customers," McGee  
said.

Basic mission of the project is  
to prevent the readdiction of for-  
mer addicts released on parole,  
through more intensive supervision  
and frequent naline testing to  
prove chemically whether these  
former addicts are using narcotics  
again.

Once it is established that the  
addict is back on the narcotic  
route, swift recommitment follows,  
along with treatment.

McGee said the new northern  
unit will supervise about 90 cases  
from San Francisco, and 110 cases  
from Alameda and Contra Costa  
counties. These cases are narcotic  
addicts on parole from state pris-  
ons. A detention unit will be estab-  
lished at San Quentin, and parolees  
will be confined for up to 90 days  
while undergoing medical and psy-  
chological treatment.

When the parolee responds to  
treatment, he may be returned to  
parole supervision. If no response  
is noted, he is sent back to prison  
for long-term treatment.

A detention-treatment unit is al-  
ready in operation at Chino, and  
this will be slightly enlarged. A  
new field unit will be established  
in west-central Los Angeles, con-  
sisting of six parole agents and one  
women's parole agent.

The women's agent has been as-  
signed at the direction of the  
board of trustees of the California  
Institution for Women, which is  
co-operating in the program. Each  
agent will supervise 30 parolees.

The program under the depart-  
ment of corrections is a part of the  
effort made by Governor Edmund  
G. Brown's administration to attack  
the narcotic problem in California,  
which has been growing with the  
years.

Generally, there has been little  
hope for addicts once the habit be-  
came established. The new pro-  
gram, however, will at least give  
the addicts opportunity to rehabili-

tate themselves with state help, if  
such rehabilitation is possible.

The waterfall from Grand Cou-  
lee Dam in Washington is half as  
wide and twice as high as high as  
Niagara Falls.

## DONNER DOINGS

By VIRGINIA O'BEAR

Donner Lake Lodge and Smart's were crowded Saturday night when people came from all over to join in with all of the activities. At Donner Lake Lodge, people enjoyed listening to the Swiss music and watching the Swiss folk dancing, some joining in. At Smart's the Ladies Auxiliary sponsored a dance and smorgasbord and a large crowd turned out for this occasion. Essie Polyanich came all the way from

Reno to celebrate her birthday with the auxiliary members at Smart's. She also watched the folk dancing at the lodge for awhile as so many others did, visiting back and forth at both places with a stop in between at the Bird 'n Bottle. It was a lively night for many people as they celebrated the coming of autumn which starts this Thursday.

Dr. and Mrs. Charles Widenman of Vallejo were up over the weekend and had as their guest, Tom DiMaggio. They served a delicious steak barbecue and invited the Hap Warnkes and the Charles O'Bears, before attending the Firemen's

Ball. The west end of Donner Lake looks very quiet indeed since Robert Jamieson closed the public beach and took his display boats back to Reno. He has a beautiful new building near the channel which adds color to the green background of trees. It is an aqua green and real striking against the water and reflections.

Barbara Johnson and two small daughters were Donner visitors over the weekend. They are from San Jose and come up this way often to get away from the busy city life.

The Donner Lake firemen were around the fire house again Sunday getting the trucks in order before winter. They have been busy with the fire house also and this meeting every Sunday is getting to be a habit which is a good one for the whole community.

The Ladies Auxiliary of the Donner Lake Volunteer Fire Department met at Donner Lake Lodge last Thursday night and 25 ladies enjoyed the delicious dinner and the interesting meeting. The tables were beautifully decorated with fall leaves and flowers by hostesses

### SLOW DRIVERS ARE WARNED BY PATROL

Many motorists are not complying with the "turnout" law on two-lane highways, reports Lieutenant O. P. Ledford of the California Highway Patrol. "Reports from the mountain areas of California show that a large number of drivers are not yet acquainted with this provision of the law, even though it has been in effect for almost three years, and applies to automobiles as well as commercial vehicles," Ledford said. The turnout law requires "slow moving vehicles, behind which five or more vehicles are formed in line to turn off the highway at the nearest place designated as a turnout" to permit the cars being held up to pass. Lieutenant Ledford said the law defines a slow moving vehicle as "one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place." "Purpose of this law is to reduce the number of head-on collisions on two-lane mountain roads," he said. "Too many motorists get impatient at being delayed and gamble that they can get around the slower vehicle. Far too often they don't make it and the result is injury

Royal 76 Gasoline gives you pure power clean through.

That's because hydrogen refining (a process Union Oil developed and owns) cleans out impurities, leaves in only hard-working octanes (100-plus, of course).

You get Royal 76 at the sign of the big 76. It is pure and simply - The Finest.

## SEPTEMBER DATES

Ronnie Walker, son of Mr. and Mrs. James Walker celebrated his 11th birthday at a family party, September 20.

Other local people observing September dates include Richard Joseph who was fated by his family September 15 and Walter Barrett and John Firpo who also had natal dates on the 20th.

## TAHOE LAKE PTA IN YEAR'S FIRST MEET

TAHOE CITY—Members of the Tahoe Lake Elementary School PTA executive board held their first meeting of the school year on Thursday, September 15 at the residence of Max Hoff.

Members of the executive board present at the meeting were: President Max Hoff; Vice President Robert Wray; Treasurer Orville Ingram; Secretary Glenn Meixner; Mrs. Jean Van Wetter, historian; Mrs. Ivy Kimball and Mrs. Bernie Banta, co-chairmen of the room mothers' committee; Mrs. Pauline Keehn membership chairman; Mrs. Mabel Nielsen, health chairman; Mrs. Peggy Lewis, telephone chairman; Mrs. Bea Lyon and Mrs. Betty Jorgensen, budget co-chairmen; Miss Geri Bean, faculty representative; Mrs. Mary Morris parliamentarian; Jim Reynolds, principal; Mrs. Eunice Henriksen, safety chairman; Mrs. Eunice Ingram and Mrs. Marian Michener, hospitality co-chairmen; Ernie Marier past president; Mrs. Karleen Bols and Mrs. Tom Coster, legislative co-chairmen; Gordon Moyer, school board member and Mrs. Ellen Attardi, publicity chairman.

The next meeting of the board will be held in October.

## SUN ADS GET RESULTS

## Tahoe Items

Leaving Kings Beach will be the G. C. Glenns, going to Mt. Wilson and Mr. and Mrs. Harry Street will visit Sacramento.

Mr. and Mrs. G. D. Abbott, Jr., who spent the season at Tahoe City left for Oakland.

Mr. and Mrs. M. Levy and daughter, Miss Carol Levy have returned to San Francisco after several weeks at Tahoe City.

The A. R. Specht family, long time summer residents at Tahoma spend the winter at San Francisco.

Mr. and Mrs. Louis Celia will also return to their Berkeley place after an active season here.

The Robert Iveys will be at their San Jose address during the coming winter.

Mrs. Jody Maher who spent the summer at Meeks Bay has returned to her Palm Springs home for the coming winter.

More truck crops are grown in the western states than in all the north and south Atlantic states combined.

Church and You."

**CHRISTIAN SCIENCE**  
Meets at Wyethia Clubhouse,  
Truckee.  
Everyone Welcome  
Sunday School: 9:30 a. m.  
Morning Services: 11 a. m.  
The eternal, harmonious nature

of God's creation will be brought out at Christian Science services Sunday in the Lesson-Sermon on the subject of "Reality."

Among the Bible passages to be are these verses from Psalms (111:7, 8): "The works of his hands are verity and judgment; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this (208:20): "Let us learn of the real and eternal, and prepare for the reign of Spirit, the kingdom of heaven,—the reign and rule of universal harmony, which cannot be lost nor remain forever unseen." The Golden Text is from Lamentations (5:19): "Thou, O Lord, remainest for ever; they throne from generation to generation."

**TRUCKEE BIBLE CHURCH**  
(Non-denominational)  
Rev. Roy S. Rhoades, Pastor  
Sunday School: 9:45 a. m.  
Morning worship: 11 a. m.  
Sunday evening: 7:30.  
Wednesday evening Bible study  
—Kings Beach, home of Glen L. French at 7:30.

Next Lord's Day the pastor will begin a series of messages in I Peter, the first of which will be entitled "Grace to Exceed."

Last Sunday a baptismal service took place in which Don Prouty

and Ken Smith were baptised.

**CATHOLIC CHURCH**

Interdenominational  
Rev. Franklin S. Evans, Minister  
Squaw Valley  
Mail address: Box 3, Squaw Valley. Phone OL 8-9960.  
"Deep Roots and Wide Branches" will be the subject of the sermon at the United Church of Christ on Sunday, September 25. The sermon will deal with the entire scope of Christian education as it relates to the local church scene. The services are at 9 and

11 a. m. There is church school and child care at both hours of worship. The evening service of prayer, music and meditation will be held at 8 p. m.

Church membership seminar will be held between the hours of worship from 1:10 until 10:50 in the Converse room for all those interested in church membership. Anyone interested in exploring the meaning of church membership is welcome to attend this seminar. The first members of the church will be received into membership on Sunday, October 2.

Sunday evening there will be the regular meeting of the Pilgrim Fellowship for high school young people at 7 p. m. At its first meeting last week the following were elected as the officers of the group: Dan Chandler, president; Sue Scott, vice president; Adrienne Davis, secretary. The Sunday evening program will include recreation, business meeting, a film for the program and worship. All high school age young people are cordially invited to attend.

### STRIKES & SPARES

BY JOE WILMAN

### FOCUS IN THAT STANCE

A bowler should be able to concentrate completely on the task at hand in taking his stance. Before he gets up on the approach, he should know what he wants to do, what angle he intends to shoot from and what his target is.

When he gets up on approach, he should concentrate completely on doing what he wants to do. Note how completely I concentrate in the picture. Once his footwork and arm swing are under way, he is pretty well set through his physical movement. But that's not enough if he hasn't been concentrating mentally before he began his approach.

So, the stance is the time to focus all his mental powers on what he wants to accomplish. Such concentration helps get the job done right.

## DONNER SUMMIT NEWS

By LLOYD W. GAY

### NEW GRANDSON

A son was born to Mr. and Mrs. Rotus L. Harvey, youngest daughter of Howard and Francis Dragroo of Big Bend, on September 14 in San Jose. Young James Howard is the Dragroo's eight grandchild.

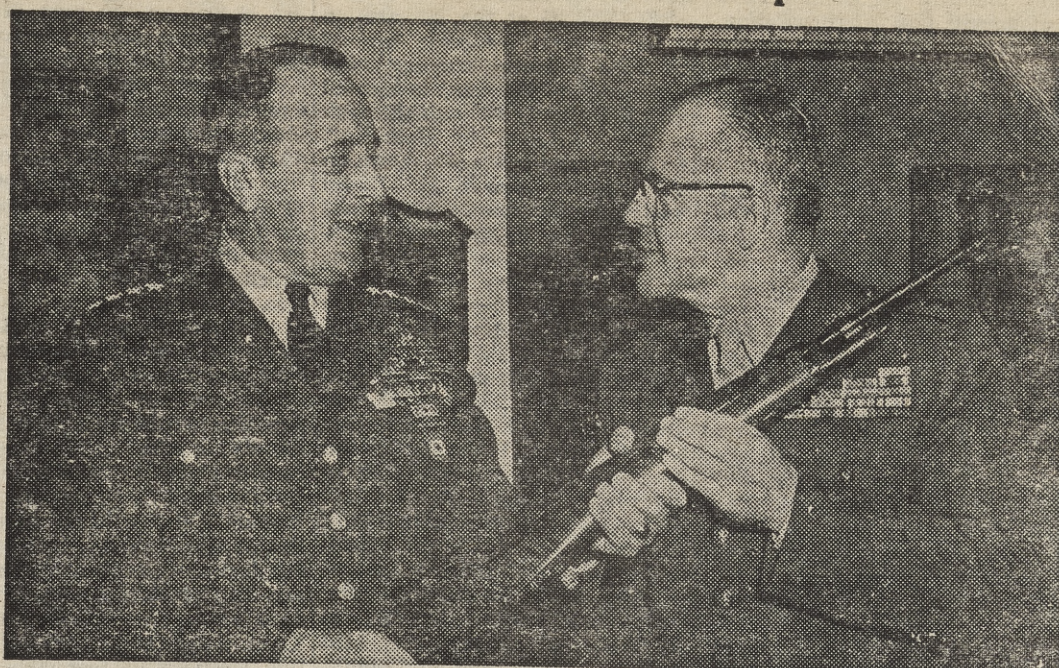

### AMERICAN LEGION

The American Legion's Harold Eugene Jones Donner Summit Post No. 811, under the direction of Post Commander Edwin Aro, was host to the annual meeting of the Tri-County Council made up of Legion posts in Placer, El Dorado, and Nevada Counties. The council, after enjoying a buffet supper at the Beacon Hill Lodge, discussed the merits of a proposal that Veteran's Day, November 11, be made a legal holiday. The council went on record in favor of the proposal, and plans to seek recognition of the holiday in California.

### FIRE CARELESSNESS

It was interesting to note that a smoker was fined \$105 for tossing a lighted cigarette from his automobile at Lake Tahoe recently. This type of action will certainly provide a deterrent to many otherwise thoughtless people who use our forests, but unfortunately it can't reach all those who pass to

## Army Presents M-14 Rifle to Marine Corps...

GENERAL LYMAN L. LEMNITZER, Army Chief of Staff (left), presents Army's M-14 rifle to General David M. Shoup, Commandant of the Marine Corps, in a ceremony held in Washington on March 4. The rifle, designed and engineered for production by the U.S. Army's Springfield Armory, Massachusetts, uses ammunition which is interchangeable with the weapons of other NATO nations.

and from through our area. The influx of hunters during the coming hunting season will, as in the past, have a small number of negligent individuals whose actions will be far more noticeable than those of their more numerous and more responsible brethren.

### BROTHER VISITS

Lloyd Gay's younger brother, Mike, arrived Sunday from College Station, Texas. Mike, who has just completed summer school at Texas A.&M. College, will work for the Tahoe National Forest for the remainder of the fire season, and then plans to work in the summit area over the winter.

### RETIREMENT PARTY

Summit area residents gathered at the Soda Springs Hotel last Wednesday night to give Ralph Rowton a party to celebrate his retirement from operating the local Chevron service station the past ten years. Fifty-five enjoyed the buffet dinner served by the Soda Springs Hotel, and the dinner wine by courtesy of the Norden Store. The Rowtons received several nice gifts, and the best wishes of the community. The crowd enjoyed visiting after dinner, and singing and dancing to Francis Dragroo's electronic piano. Official hostesses for the event were Eleanor Johanson, Madylon Walton, June Forster, and Jessie Thompson.

### NEWS FROM JAPAN

Betty Hampton recently received a letter on distinctive Japanese rice paper from Donna L. Power, who formerly taught in the Donner Trail School before accepting a

new assignment with the U. S. Air Force school system in Japan. Donna wrote that she is teaching a first grade of 28 students and that there were 11 other first grade sections in the Air Force School at Techikawa Air Force Base. This may give some indication of the tremendous size of the military complexes in our foreign allies countries, as these children are dependents of air force personnel at the one base only. Donna also promised to send Dennis Hampton a translation of the Japanese book that he received recently, so that he could present it to the children in his grade.

### NEW BABY BOY

Bill and Faye Cole of the snow lab are celebrating the arrival of a new six-pound son who was born early Sunday morning in the Tahoe Forest Hospital.

### CANADIAN FORESTERS

A group of Canadian foresters visited the snow lab en route home to Ottawa from the World Forestry Congress just completed in Seattle, Washington. A Bickertstaff, assistant chief of forest research for the Canadian Department of Natural Resources, was accompanied by J. S. Rowe of the department of natural resources and H. E. Seely of the federal forest service in a tour of the lab's facilities.

### ROTARY MEETS

The Truckee Rotary Club was host to the annual Tri-City meeting of the Truckee, Grass Valley, and Nevada City Clubs held last Thursday at the Donner Summit Lodge. The 54 Rotarians enjoyed

a barbecue dinner followed by films. The members were welcomed by host Truckee club president, Fosten Wilson, and by President Glenn Jones of the Grass Valley group, and President Earl Le-

## Tahoe Items

Robert Heuga of Tahoe City wrote from Paris where he is studying that he has visited the Louvre Museum and that many choices of

gette of the Nevada City chapter. Rotarian Ralph Rowton was presented a wrist watch by his Truckee Club upon his attainment of senior active membership after completion of ten years service and passing the age of 65.

### SCHOOL BOARD MEETS

The monthly meeting of the Truckee-Tahoe school board was held last Tuesday in the Truckee High School. A number of local residents attended, including Frank and Kate Zoll, Gloria Reid, Rex Anderson, Olga Lyddane, and Valeta Mason. A number of residents plan to seek space on the board's agenda at the October meeting to find out what plans are in store for the Donner Trail School's proposed addition, shelved by the board after bids submitted for the improvements appeared excessively high.

### DONNER TRAIL SCHOOL

Due to the preponderance of younger children registered this year, Principal Rex Anderson has assumed instructing the third grade in addition to the fourth, fifth, and sixth. Gloria Reid will continue to teach kindergarten, first, and second grades. This arrangement will give a more satisfactory pupil to teacher ratio.

opera, concerts and plays are available to the interested. The student who receives the Sierra Sun mentioned that he is looking forward to returning to this area next summer to see the changes that are taking place here and hoping that the old heart of the district still beats behind the new face.

Mr. and Mrs. Don Huff of Homewood will divide their time between here and their Woodland ranch.

Mrs. William Reinhardt who has been visiting at Meeks Bay will soon be at her home in Pasadena.

**NO MORE PUMPING SEPTIC TANKS**  
Or Cess Pools Again If You Use  
**REYNOLDS DIGESTER**  
Liquefies Soaps, Greases, and Solids that clog natural drainage.  
Stimulates bacteria action. Cleans house drain lines.

**RESTAURANTS**  
1 cup a week down each drain will keep the lines free from soaps, greases and food particles from the sink to the sewer.

WHAT ISN'T THE TOYOTA LANDCRUISER ???

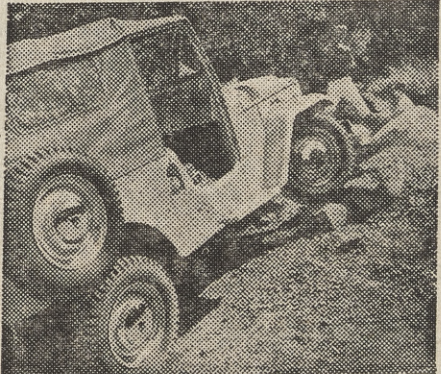

THERE'S PRACTICALLY NOTHING THE LANDCRUISER ISN'T...OR CAN'T DO. IT IS THE WORLD'S MOST POWERFUL, MOST VERSATILE, 4-WHEEL DRIVE, ALL-PURPOSE VEHICLE. READ ON AND SEE WHY IT'S FOR YOU!

THE LANDCRUISER'S 135 HORSE POWER almost doubles that of its leading competitor! Sure-wheeled, Stout suspension shrugs off ruts and bumps. Makes roads where there are none.

THE LANDCRUISER'S EXTRA-LOW 5.411 GEAR RATIO has more pulling power than any same-size utility vehicle. Toyota's rugged 4-gears need no babying. Soft soil never stops you. Just gear down and ride right through.

POWERFUL, FOUR-WHEEL DRIVE makes easy game of rockiest creek beds, cusseddest mud and sand, 8.3-inch ground clearance and beefed-up steel flooring...safe-sure.

THE LANDCRUISER is a jack of all trades. Delivers up to a penny-pinching 24 miles a gallon. Demands little down time. Spare parts and Toyota service are yours at dealers across the land.

**TOYOTA LANDCRUISER** CANVAS TOP OR HARD TOP

SEE IT. DRIVE IT. TRY TO PUNISH IT. YOU'LL FAIL. BUT YOU'LL WANT IT.

## Notice Of Public Hearings

Notice is hereby given that the Nevada County Planning Commission will on October 10 and October 24, 1960 at 7:30 p. m. in the Supervisors' Room at the Court House, Nevada City, California, hold Public Hearings on a Resolution of the Nevada County Planning Commission for the creation of proposed residential (R-1 and R-2) and commercial (C) zoning districts in accordance with Nevada County Ordinances No. 196 and No. 234 in the unincorporated area of Nevada County adjacent to Donner Lake, and more particularly described by metes and bounds as follows:

The meetings advertised above are being held in order to comply with certain legal requirements. The descriptions of property and districts are identical to those advertised for meetings held July 11 and July 25, 1960.

**PROPOSED DONNER LAKE — SOUTHWEST AREA ZONE DESCRIPTION:**  
ZONE R-1, RESIDENTIAL  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

PARCEL 1: PORTION of the South East 1/4 of Section 15, and a portion of the South 1/2 of Section 14, and portions of the South 1/2 of Section 13, in Township 17 North, Range 15 East, Mount Diablo Base and Meridian, and portions of Donner Lake Villa Tract No. 1, portion of Resubdivision of a portion of Donner Lake Villa Tract No. 1, and portions of Donner Woods No. 1 Tract, and Emmons Tract, and Weeks Tract, as said tracts are shown on said respective Tract Maps thereof, filed in the office of the County Recorder of the County of Nevada, described as follows:

BEGINNING at the intersection of the general southerly line of the State Highway running from Sacramento to Truckee, designated as U. S. Highway 40, with the northern line of said South East 1/4 of Section 15; running thence along said last named line, West 1300 feet, more or less, to the western line of said South East 1/4 of Section 15; thence along said last named line, South 2000 feet, more or less, to the line dividing Nevada County from Placer County; thence along said last named line, East 10,500 feet, more or less, to the mid-section line which runs north and south, of said Section 13; thence along said last named line, North 700 feet, more or less, to the Ordinary Low Water Mark line of Donner Lake; thence along said last named line, following the general meanderings thereof, in a general westerly direction, 4500 feet, more or less, to the intersection thereof with the western line of Lot 1, in Block "M", as said lot and block are shown on said map of Donner Woods No. 1 Tract; thence continuing along said Ordinary Low Water Mark line of Donner Lake, following the meanderings thereof, westerly and northwesterly 1800 feet, more or less, to the general easterly line of South Shore Drive, as said drive now exists; thence along said last named line, northwesterly 300 feet, more or less, to the direct production northeasterly, of the southeastern line of Lot 2, in Block "D", as said lot and block are shown on said map of Donner Ski Haven Tract; thence along said line, so produced, and the southeastern line of said Lot 2, south 75 degrees west 192.85 feet, more or less, to the southern line of Lot 3, in said Block "D"; thence along the southern line of said Lot 3, and Lots 4, 5, and 6, in said Block "D", south 69 degrees west 188.87 feet to the southeastern line of Lot 7, in said Block "D"; thence along said last named line, and Lots 8 and 9, in said Block "D", south 30 degrees west 153.77 feet, to the southeastern line of Lot 10, in said Block "D"; thence along said last named line, south 69 degrees 52 minutes west 70.65 feet to the southeastern line of Lot 1, in Block "C", as said lot and block are shown on said map of Emmons Tract; thence along said last named line, and the direct production thereof, south 61 degrees 28 minutes west 76.87 feet, more or less, to the center line of Ute Road, as said road is shown on said map of Emmons Tract; thence along said last named center line, north 22 degrees 30 seconds west 120.10 feet, more or less, to the center line of Old Highway Drive, 40 feet wide, as said drive is shown on said map of Donner Ski Haven Tract; thence along said last named line, northwesterly 235 feet, more or less, to the production easterly, of the northern

line of Lot 16, in said Block "A"; thence along said line so produced, and the northern line of said Lot 16, West 124.44 feet, to the western line of said Block "A"; thence along said last named line, north 151.31 feet, to said general southerly line of the State Highway 40; thence along said last named line, following the meanderings thereof, northwesterly, southwesterly, and northwesterly, 900 feet, more or less, to said point of beginning.

**PROPOSED DONNER LAKE — NORTH AREA ZONE DESCRIPTION:**  
ZONE R-1, RESIDENTIAL  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

PARCEL 2: PORTION of the North East 1/4 of Section 14, and a portion of the North 1/2 of Section 13, in Township 17 North, Range 15 East, Mount Diablo Base and Meridian, and portions of Greenpoint Subdivision Tract, Lakeview Extension Subdivision Tract, and Lakeview Subdivision Tract, as said tracts are shown on said respective tract maps thereof, filed in the office of the County Recorder of the County of Nevada, described as follows:

COMMENCING at the intersection of the general northerly line of the State Highway running from Sacramento to Truckee, designated as U. S. Highway 40, formerly known as Lincoln Highway, with the northern line of Donner Avenue, as said highway and avenue are shown on said map of Lakeview Subdivision; running thence along said northern line of Donner Avenue, westerly 200 feet, to the eastern line of Lot 7, in Block 2, as said lot and block are shown on said last named map, said point of beginning of the property intended to be described herein; running thence along said northern line of Donner Avenue, westerly, southwesterly and westerly 3400 feet, more or less, to the intersection with a direct line drawn from the most northern corner of Lot 2, in Block 3, as said lot and block are shown on said map of Lakeview Subdivision Extension Tract, northwesterly to the most northwestern corner of Lot 1, in Block 5, as said lot and block are shown on said last named map; thence from said last named intersection along said line so drawn, northwesterly 400 feet, more or less, to said most northwestern corner of said Lot 1, in Block 5; thence continuing along the production northerly, of said line so drawn, to the northern line of Reed Avenue, as said avenue is shown on said last named map; thence along said northern line of Reed Avenue, westerly 4000 feet, more or less, to the intersection with the western line of the North East 1/4 of said Section 14; thence along said last named line, northerly 300 feet, more or less, to the intersection with the southern line of an unnamed street, designated "Access Road", (leading from the northern line of said State Highway above described, northerly to the new Proposed U. S. Highway 40 Freeway) and as said "Access Road", is further described and shown on map of "Exhibit J", filed in Action Pending, in Superior Court, Nevada County, entitled, "State of California, plaintiff, vs. Donner Lake Development Co., a corporation, defendant, et al; running thence along said northern line of said Access Road, south 81 degrees 14 minutes 26 seconds east 551.32 feet to an angle point therein; thence south 87 degrees 49 minutes 24 seconds east 265.49 feet; thence north 14 degrees 41 minutes 14 seconds east 65 feet, more or less, to the northern perimeter boundary line of said Greenpoint Subdivision tract; thence along said last named line, 1650 feet, more or less, to said western line of the North East 1/4 of said Section 14; thence along said last named line, northerly 400 feet, more or less, to the southern line of said proposed U. S. Highway 40 Freeway; thence along said last named line, northeasterly 3350 feet, more or less, to the northern line of said Lakeview Subdivision; thence along the northern perimeter boundary line of said Lakeview Subdivision, easterly 1400 feet, more or less, to the eastern line of said Lot 7, in Block 2, as shown on said map of Lakeview Subdivision; thence along said last named line, southerly 100 feet, to said actual point of beginning.

**PROPOSED DONNER LAKE — NORTHEAST AREA ZONE DESCRIPTION:**  
ZONE R-1, RESIDENTIAL  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

PARCEL 3: PORTION of the South 1/2 of Section 7, and portion of the North 1/2 of Section 18, in Township 17 North, Range 16 East, Mount Diablo Base and Meridian, and portions of the Biltz Tract and portion of the Donner Camp Bucknam and the Donner Olympic Tract, as said tracts are shown on said respective tract maps thereof, filed in the office of the County Recorder of the County of Nevada, described as follows:

BEGINNING at the northwest corner of Lot 24, as said lot is shown on said map of Donner Olympic Tract, said point also being at the intersection of the western line of said Lot 24, with the general southerly line of the new Proposed U. S. Highway 40 Freeway, as said Freeway is further described and shown on map of "Exhibit J", filed in Action pending,

in Superior Court, Nevada County, entitled, "State of California, plaintiff, vs. Donner Lake Development Co., a corporation, defendant, et al; running thence along said western line of Lot 24, and the western perimeter line of said Olympic Tract, and along the western line of Lot 25, as said lot is shown on said last named map, south 4 degrees 04 minutes, 30 seconds east 381.86 feet, to the southern perimeter line of said Olympic Tract; thence along said last named line, easterly 2000 feet, more or less, to the eastern line of Lot 46, as said lot is shown on said map of Donner Olympic Tract; thence easterly to the southwestern corner of Lot 16, in Block "G"; as said lot and block are shown on said map of Biltz Tract; thence along the southern line of said Block "G", easterly 900 feet, to the southeastern corner of Lot 1, in said Block "F"; as said lot and block are shown on said map of Biltz Tract; thence along the southern lines of said Lot 1, 2, 3, 4, 5, 6, and 7, easterly 350 feet, more or less, to said general southerly line of the new Proposed U. S. Highway 40 Freeway; thence along said last named line, westerly 3300 feet, more or less, to said point of beginning.

**PROPOSED DONNER LAKE — NORTHEAST AREA ZONE DESCRIPTION:**  
ZONE R-1, RESIDENTIAL  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

PARCEL 4: PORTION of the South 1/2 of Section 7, and portion of the North 1/2 of Section 18, in Township 17 North, Range 16 East, Mount Diablo Base and Meridian, and portions of the Donner Camp Bucknam Tract and portion of the Biltz Tract, as said tracts are shown on said respective tract maps thereof, filed in the office of the County Recorder of the County of Nevada, described as follows:

BEGINNING at the northeastern corner of said Biltz Tract, said point of being also at the northeastern corner of said Section 18; running thence along the eastern line of said Section 7, northerly 2650 feet, more or less, to the northern line of the South 1/2 of said Section 7; thence along said last named line, westerly 5280 feet, more or less, to the western line of said Section 7; thence along said last named line, southerly 1700 feet, more or less, to the general northerly line of the new Proposed U. S. Highway 40 Freeway, as said Freeway is further described and shown on map of "Exhibit N", filed in Action pending, in Superior Court, Nevada County, entitled, "State of California, plaintiff, vs. Donner Lake Development Co., a corporation, defendant, et al; running thence along said last named line, south 84 degrees 39 minutes 56 seconds east 312.48 feet to the western line of that certain parcel of land described in deed to Donner Lake Utility Company, dated November 20, 1954, recorded December 4, 1954, in Book 239, at page 518, of the official Records of Nevada County; thence along said last named line, north 04 degrees 52 minutes 30 seconds west 340 feet, more or less, to the southern line of said Donner Camp Bucknam Tract; thence along said last named line, east 300 feet to the eastern line of said parcel of land described in said deed to Donner Lake Utility Company; thence along said last named line, south 04 degrees 52 minutes 30 seconds east 390 feet, more or less, to said line of the Proposed U. S. Highway 40 Freeway; thence along said last named line, south 84 degrees 39 minutes 56 seconds east 919.65 feet; thence continuing along said last named line, south 79 degrees 08 minutes 20 seconds east 1085.67 feet; thence south 67 degrees 50 minutes 35 seconds east 622.54 feet; thence south 82 degrees 14 minutes 51 seconds east 417.44 feet; thence south 42 degrees 49 minutes 54 seconds east 950 feet, more or less, to the northern line of Sierra Drive, as said drive is shown on said map of Biltz Tract; thence along said last named line easterly 550 feet, more or less, to the southeastern corner of Lot 11, in Block "C", as said lot and block are shown on said map of Biltz Tract; thence southerly to the northeastern corner of Lot 13, in Block "A", as said lot and block are shown on said last named map; thence along the eastern line of said Lot 13, south 27 degrees 21 minutes 39 seconds west 34.71 feet, to the northern line of certain Street, designated "Frontage Road", right of way, in said action above referred to; thence along said last named line, easterly, on a curve to the right with a radius of 1540 feet, a distance of 712.13 feet, more or less, to the eastern line of said Section 18; thence along said last named line, northerly 1150 feet, more or less, to the point of beginning.

**PROPOSED DONNER LAKE — WEST AREA ZONE DESCRIPTION:**  
ZONE R-2  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

PARCEL 5: PORTIONS of Sections 14 and 15, in Township 17 North, Range 15 East, Mount Diablo Base and Meridian, and portions of the Donner Ski Haven Tract, and portion of the Emmons Tract, as said tracts are shown on said respective tract maps thereof,

filed in the office of the County Recorder of the County of Nevada, described as follows:

BEGINNING at the intersection of the general southerly line of the State Highway running from Sacramento to Truckee, designated as U. S. Highway 40, with the eastern line of Lot 5, in Block "A", as said lot and block are shown on said map of Donner Ski Haven Tract; running thence along said southerly line of the State Highway westerly 450 feet, more or less, to the western line of Lot 14, in said Block "A"; thence along the western lines of Lots 14 and 15, in said Block "A", southerly 151.31 feet, to the southern line of said Lot 15; thence along said last named line, and the production thereof, easterly 124.44 feet, to the center line of Tamarack Road as said road is shown on said last named map; thence along said center line of Tamarack Road, southerly 235 feet, more or less, to the production easterly, of the southeastern line of Lot 20, in said Block "A"; thence along said line, so produced, and said southeastern line of Lot 20, south 67 degrees west 120 feet, to the western line of Lot 21, in said Block "A"; thence along said western line of Lot 21 and 22, in said Block "A", and the production southerly of said western line of Lot 22, southerly 125 feet, more or less, to the center line of Old Highway Drive, as said drive is shown on said map of Emmons Tract; thence along said last named center line, northeasterly 25.35 feet, more or less, to the center line of Ute Drive, as said road is shown on said last named map; running thence along said center line of Ute Drive, south 22 degrees 30 seconds east 120.10 feet, more or less, to the production southerly, of the southeastern line of Lot 1, in Block "C", as said lot and block are shown on said map of Emmons Tract; thence along said line so produced, and the southern lines of said Lot 1, north 61 degrees 28 minutes east 76.87 feet, more or less, to the southern perimeter boundary line of Donner Ski Haven Tract; thence along said last named line, in a general easterly direction, 450 feet, more or less, to the eastern line of Lot 3, in Block "D", as said lot and block are shown on said last named map; thence along said eastern line of Lot 3, north 15 degrees west 106.50 feet to the northeastern corner of said Lot 3; thence north 15 degrees west 40 feet, more or less, to the southeastern corner of Lot 13, in Block "C", as said lot and block are shown on said last named map; thence along the eastern lines of Lots 13, 12, 11, and 10, in said Block "C", northerly 240 feet, more or less, to the southern line of Lot 9, in said Block "C"; thence along said last named line, and said line produced, south 88 degrees 50 minutes west 139.24 feet, more or less, to the center line of Old Highway Drive, as shown on said map of Donner Ski Haven; thence along said last named line, north 28 degrees 30 minutes east 140 feet, more or less, to the production southerly, of the northeastern line of Lot 7, in said Block "A", as said lot and block are shown on said map of Donner Ski Haven Tract; thence along said last named line, south 2 degrees 04 minutes west 96.89 feet, to the northeastern line of Lot 7, in said Block "A"; thence along said northeastern line of Lot 7, and said line produced, south 61 degrees 30 minutes east 80.25 feet to the center line of Old Highway Drive, as shown on said last named map; thence along said last named line, south 28 degrees 30 minutes west 140 feet, more or less, to the production southerly, of the southeastern line of Lot 9, in Block "C"; of said Donner Ski Haven Tract; thence along said line, so produced, and said southeastern line of Lot 9, north 88 degrees 50 minutes east 139.24 feet, more or less, to the eastern line of Lot 10, in said Block "C"; of Donner Ski Haven Tract; thence along the eastern lines of Lots 10, 11, 12, and 13, in said Block "C", southerly 240 feet, more or less, to the southeastern corner of said Lot 13, in Block "C"; then south 15 degrees east 40 feet, more or less, to the northeastern corner of Lot 3, in Block "D", as said lot and block are shown on said map of Donner Ski Haven Tract; thence along the eastern line of said Lot 3, in Block "D", south 15 degrees east 106.50 feet to the southern perimeter boundary line of Donner Ski Haven Tract; thence along said last named line, and said line produced, north 75 degrees east 192.85 feet, more or less, to the general easterly line of South Shore Drive, as said drive now exists; thence along said last named line, southerly 300 feet, more or less, to the Ordinary Low Water Mark line of Donner Lake; thence along said last named line, following the general meanderings thereof, in a general easterly, northwesterly, northerly, easterly, and northeasterly direction, 3100 feet, more or less, to said actual point of beginning.

**PROPOSED DONNER LAKE — WEST AREA ZONE DESCRIPTION:**  
ZONE C COMMERCIAL  
REAL PROPERTY in the County of Nevada, State of California, described as follows:

## NEVADA COUNTY PLANNING COMMISSION

H. Verne Jones,  
Executive Secretary.  
Date of Publication: Sept. 22, 1960

## COMPACT GROUP IS MEETING AT RENO

The joint California-Nevada Interstate Compact Commission will meet Thursday and Friday, September 22 and 23, at the Holiday Hotel in Reno, Nevada.

The two-day meeting is aimed at gaining formal acceptance by the two-state group of specific principles to be incorporated into the compact between California and Nevada over waters of the Truckee, Carson, and Walker Rivers.

This meeting calls for action in three main categories: (1) distribution and use of the waters in the Lake Tahoe and Truckee River Basins; (2) principles related to recognition of existing water rights; and (3) the compact's relationship with the United States and Indian rights.

No. 6161

## In The Superior Court OF THE STATE OF CALIFORNIA In and for the County of Nevada

In the Matter of the Estate of )  
WILLIAM M. ENGLEHART, SR. )  
Deceased. )

## NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROVING WILL, ETC.

NOTICE IS HEREBY GIVEN that Friday, the 7th day of October, 1960, at 10 o'clock a. m. of said day, at the Court Room of said Court, at the Court House in the City of Nevada City, County of Nevada, has been appointed by me as the time and place for proving the Will of William M. Englehart, Sr. deceased, and for hearing the petition of William M. Englehart, Jr. for the issuance to him of Letters when and where any person interested may appear and contest the same. Reference is hereby made to said petition for further particulars.

Dated September 12, 1960  
JOHN T. TRAUNER, Clerk  
By JACK K. HANSEN,  
Deputy Clerk

## COMPANY AIDS IN FIRE PREVENTION

CRYSTAL BAY—Steps to assist forestry officials and peace officers in acquainting the public with fire prevention and fire protection laws of Nevada were taken by Crystal Bay Development Co.

The company, developer of the 9,000 acre Incline Village project on Crystal Bay, along Nevada's north shore of Lake Tahoe, has compiled and published copies of pertinent Nevada statutes for distribution within the area. The action was prompted by the explosive fire danger in the heavily wooded area of the development, as evidenced by several small fires caught and extinguished within the past two weeks. In every case, authorities indicated, the fire was caused by carelessness.

Nine separate paragraphs of Section 475, Nevada Revised Statutes, have been reproduced in the published hand-out for general distribution. All apply to fires threatening or causing property damage in wooded areas. Sections reproduced are those covering:

Willful, negligent failure to guard or extinguish fire, a misdemeanor.

Failure to extinguish a fire before leaving it, a misdemeanor.

Throwing burning materials from a moving vehicle, a misdemeanor.

Operation of engine or boiler without a spark arrester, a misdemeanor.

Interference with or disobeying a fireman while fighting a fire, a misdemeanor.

Obstruction of extinguishment of a fire, a prison offense.

Penalty for refusal to fight timber or brush fires.

Investigation of fires of unknown cause.

The published reproduction of the statutes includes the list of penalties, including fines and imprisonment, established by law.

## NEW DIRECTOR FOR COUNCIL IS NAMED

CRYSTAL BAY—The Lake Tahoe Area Council has named Dean Seeger, former city manager of Culver City, Los Angeles County, as its new executive director. Seeger succeeds Ray Smith, who resigned several months ago to take a position with a private developer.

Seeger's appointment was confirmed at an executive committee meeting in the Nevada Lodge last week.

The executive committee also approved a request of the council's pollution committee for an engineering survey of the sewage effluent disposal problem in the Tahoe-Truckee River watershed and offered staff assistance to South Tahoe residents who are studying the pros and cons of incorporating a city.

## CHICKENS DONATED TO LOCAL HOSPITAL

TAHOE CITY—At last reports from Tahoe Forest Hospital, Tom Sheehan was showing improvement. At the golf tournament, Roger Daven, exalted ruler of Tahoe-Sierra Elks Lodge No. 2140 announced "In appreciation of the excellent care and attention, which our Leading Knight, Thomas Sheehan, is receiving at Tahoe Forest Hospital, in Truckee, we of the Elks Lodge No. 2140 are donating five dozen chickens to the hospital. We're all behind you, Tom."

## P.T.A.'s Seek New Members In The U.S.—And Overseas

When in Rome—or Oslo or Athens, Fontainebleau or Karlsruhe, Addis Ababa or Reykjavik—American parents and teachers do just about as they do at home: they form a P.T.A.

More than 42,000 P.T.A. members in the European Congress of American Parents and Teachers this fall will join in the annual October Membership Month of the National Congress of Parents and Teachers.

Like their nearly 12 million counterparts on U.S. soil, these P.T.A. members who live overseas—from Iceland to the Middle East, most of them on American military bases—will encourage others to "serve where you are: join the P.T.A."

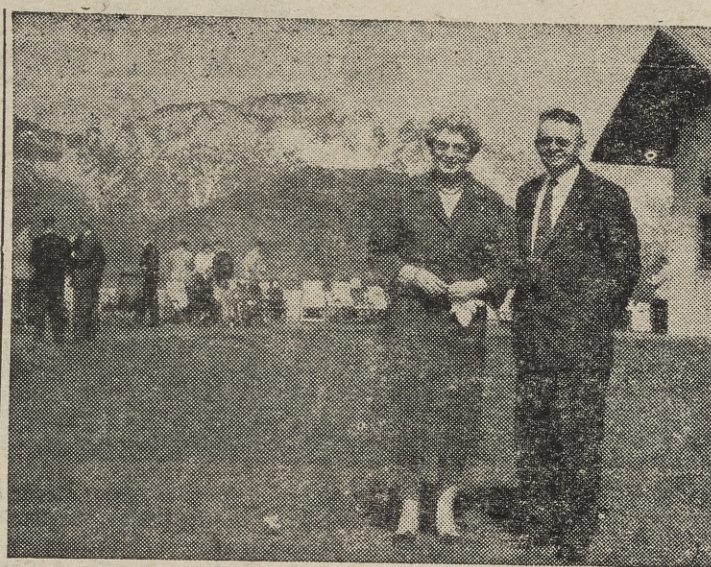

Serving the welfare of American children, wherever they are growing up, is the primary object of the National Congress. It has brought the P.T.A. into many areas of activity during its 63-year history. Since formation of the European branch in 1958, these activities have taken on new flavor.

A European program of scholarships, similar to those provided by many state congresses in the United States, this year awarded \$500 against tuition to American colleges for seven students; they were graduates of American overseas schools in Nouasseur, Morocco; Stuttgart, Berlin, Bitburg, and Heidelberg, Germany; and Vienna, Italy.

Concerned, like other P.T.A.s, with the interests of mentally and physically handicapped children, the European Congress has initiated a program of special class instruction for these youngsters, providing the funds for additional teacher assistants, helpers, and materials to be used in some 20 schools.

Foreign language education, a natural interest for children whose parents are assigned overseas, has been a major interest of P.T.A.s in the European Congress. In Air Force schools, extending from Oslo to Libya and from the British Isles to Saudi Arabia, children in grades 3 through 8 are taking classes in foreign language this year.

Adult education programs of the P.T.A., which in the U.S.

The midst of Europe's Bavarian Alps—it's a P.T.A. meeting. Mrs. James C. Parker, president of the National Congress of Parents and Teachers, confers with Fred L. Miller, coordinator for P.T.A.s in the European Congress of American Parents and Teachers, during conference in Berchtesgaden, Germany. Some 140 parent-teacher associations in Europe, Northern Africa, and the Middle East will join this fall in programs to enroll more than 12,000,000 parents, teachers, and friends of children as P.T.A. members.

usually take the form of study-discussion groups, may become adult self-education in overseas areas, where American military, government or civilian members of P.T.A.s take advantage of opportunities for learning the language of the country and for studying its cultural assets.

As these P.T.A. members, both teachers and parents, return from overseas assignments, they bring broader understanding of other countries to their state-side colleagues.

"This is one great contribution our European members can make," says Mrs. James C. Parker, of Grand Rapids, Mich., president of the National Congress, who acted as a consultant to the European Congress when she attended their convention last April.

"Overseas P.T.A.s," she points out, "bring to American boys and girls living in other parts of the world some of the home and school experiences they would be enjoying if they lived in the United States."

"The richest result is the relationship between parents and teachers; there is a closer re-

## LUAU POSTPONED AS PARTY IS PLANNED

TAHOE CITY—The Lake Tahoe Sierra Emblem Club No. 47 has announced that the luau scheduled for September 24 has been postponed and a later date will be announced.

However, the club is presenting a card and bingo party with a no-host luncheon at Pop's Corner in the Tahoe Inn on September 29 at 12:30 p. m. Tickets are now on sale and awards will be made in all games. Joann Ruhkala promises an afternoon of enjoyment for all attending.

An executive board meeting will be held on September 27 at 8 p. m. in the home of the president, Mrs. Florence Brown in Tahoe City. A regular business meeting will follow on October 3 at 8 p. m. at the Elks Lodge, Tahoe Vista.

## LICENSES TO WED

ELLISEN-SWINNEY—In Auburn, September 8, Earl W. Ellison, 28, and Janet Swinney, 23, both of Kings Beach.

HARDIN-PRESCOTT—In Auburn, September 8, William C. Harden, Jr., 27, of Dothlin, Alabama, and Barbara Prescott, 25, of Kings Beach.

## ANDERSON TEAM IN BOWLING MATCH LEAD

KINGS BEACH—Anderson Construction Company went into first place in the Women's Bowling League play last Wednesday at Kings Beach Bowl, with Mike's Floor Coverings taking second place.

The play marked the first three-game series in a scheduled 21 weeks tournament.

Sponsors for the women's league are Anderson's Construction, Fred Baker Elevators, Cedar Glen Lodge, Crystal Bay Club, Emblem Club No. 347, Goodfellow's Coffee Shop, the Fellons and Mike's Floor Coverings.

The high team game last Wednesday went to Fred Baker's Excavators were also high in the three-game play with 2449, while Pearl Martin was high for the three games with 532.

The men's Tuesday Handicap League has 14 teams signed up and started play Tuesday.

The Sunday Men's Handicap, with 12 teams and the Sunday Service Men's League, with eight teams, start the balls rolling on Sunday, September 25.

## BECHDOLT, LEWIS ARE WINNERS IN ELKS GOLF

TAHOE CITY—Tahoe-Sierra Elks Lodge No. 2140 held their first annual golf tournament Sunday at the Tahoe City golf course. The prize trips to Elks convention in Sacramento were won by William Bechdolt, Tahoe City, low gross 71 and Al Lewis, Tahoe City, low net 57.

Hole in one was won by Stewart Brisbane for the men, and Mrs. La Borda for the women. Felix Torre of Tahoe City, won the set of golf clubs and bag. Numerous prizes donated by Elks and merchants of the area were won by other players.

John Finnegan, chairman of the tournament, said "I am very pleased with the smoothness, which the events were conducted. I wish to thank Carl Bechdolt for use of the Tahoe City Golf course for the events and Angie Bonino for his cooperation and assistance. Also thanks to all the Elks and friends, who helped to make the tournament a success."

Keep matches—like medicine—where children can't reach them—both are dangerous.

## SUNDAY SCHOOL FOR ALL AT ST. NICHOLAS

TAHOE CITY—St. Nicholas Mission (Protestant Episcopal) in Tahoe City is now having Sunday School every Sunday morning at 9:30. Miss Joann Wray and Mrs. Robert Wray are teaching the nursery and kindergarten and the primary grades are taught by Mrs. Gordon Moyer. Mrs. M. J. Shontz is the teacher for the intermediate grades.

The Junior Youth Fellowship (grades 7, 8 and 9) meets every Sunday at 7 p. m. for Bible study and fellowship. Rev. Stanley Welsh announced.

The morning worship service is held each Sunday at 11 a. m.

On Tuesday, September 20, Mrs. Walter Koerber of Folsom, Diocesan Altar Guild chairman, met with the women of St. Nicholas to help them organize.

Tomorrow, Friday, St. Nicholas Couples Club meets at the home of Mr. and Mrs. Gordon Moyer for a dessert meeting at 8 p. m.

## WINDOWS OF CARS BAD FOR ADVERTISING

Enthusiastic backers of political candidates were advised this week to temper that enthusiasm with a dash of caution when it comes to using automobile windows to publicize their choice.

Lieutenant O. P. Ledford of the Truckee Substation, California Highway Patrol, pointed out that, with the November 8 general election approaching, the fervor over candidates and issues will heighten. "An automobile window is not, with certain limited variations, the place to display stickers or signs of any nature," Lt. Ledford said.

The California vehicle code makes it a violation to place any such material on the back window. Stickers or signs can be placed on the front windshield but only in a seven-inch square located in the lower corner farthest from the driver.

Material placed on side windows must be positioned behind the driver so the items do not interfere with the driver's clear view of approaching traffic, Lt. Ledford said.

## SPECIAL CONCESSION FOR VOTERS ASKED

AUBURN—State Senator Ronald G. Cameron of Auburn has asked Legislative Counsel Ralph N. Kelps to draft a proposed special measure to allow non resident voters of Squaw Valley, Placer County, to vote in an election to form a community service district.

Cameron stated the landowners in the valley are interested in forming a district, primarily for sewage and water facilities. The senator said there are more

than 300 property owners in Squaw Valley, although only about 10 percent are registered to vote on any measure affecting the valley since they maintain residence elsewhere.

Cameron stated the bill could be modeled under the Community Services Act.

"United service in the area would mean more adequate service at less cost to the state," he said, "and once the district is formed the district could purchase the state's water and sewage facilities if the directors choose."

Game and Lake  
fits the season

Rugged enough for years of duck-blinds—yet right for dozens of "dressier" times! Glorious fabrics, loomed in Italy by famed Lanerossi; single-needle tailored with old-world finesse by Bloch-Heller. So smart, a man feels good just wearing Game and Lake shirts. So practical, a wife likes them too.

## TAHOE TRUCKEE SCHOOL NEWS

### TAHOE LAKE SCHOOL

**KINDERGARTEN:** Twenty girls and ten boys were enrolled in kindergarten during the first week of school. "We need more boys," said Lester Kracher when a comparison in number was made. During evaluation of home drawings Edward Shaw, Martha Easton, Janice Coster, Billie Menges, Sandra Keechler, Susan Gehlert, Katherine Long, Patrick Becholdt, Eva Call, and Linnea Kehlet were voted the best drawings.

**FIRST GRADE:** There are 37 first graders registered in Tahoe Lake School. They have decided what they will be when they grow up. The following boys want to be firemen: John Attardi, Mike Becholdt, Bob Pitts, Scott Wisdom, Eddie Connors and Robbie Easton want to be gas station men. Randall Huddleston wants to be a forest ranger and Matthew Metcalf, a park ranger. Richie Barker plans to be a train conductor, Dal DuMars, a marine, David Kahn a doctor, Steven Merryman, a skin diver, Johnny Pehlan, a sheriff,

Clifford Plew and Rudy Petersen, policemen, Marlon Turner, a doctor. Next week the girls will report their ambitions.

**SECOND GRADE:** The class started the year with 33 eager second graders. Eighteen children received their first "100" in their spelling tests. Billy Moler, Sherry Freeland, Cynthia Camp, David Karcher and David Thompson have started the year with "Excellents" and "Goods" on their papers.

**THIRD GRADE:** Mrs. Long's third grade are busy getting used to being back to school. There are several who are certainly having no trouble . . . at least they haven't forgotten their spelling over the summer. Doug Lindsey, James Kaasrup, Carl Larson, Lynn Dutweiler, Sally Starratt, Charles Bacon and Mindy Becholdt all received 100 per cent in their spelling the other day, while everyone including Mark Rivard, Brent Bradley, Peggy Sue Hoff received 100 per cent in arithmetic.

**FOURTH GRADE:** Four new students have joined our class. We are happy to welcome: Meredith La Tour, Richard Burchett, Robert Scoville, and John Howden.

**FIFTH GRADE:** The fifth grade got off to a good start with new service monitors for room effi-

### PROGRESS IS MADE ON TAHOE POLLUTION

**CRYSTAL BAY**—The first major "breakthrough" in a long range solution to Lake Tahoe's sanitation problems was in sight last week following a three and one half hour conference at the Nevada Lodge. The meeting, sponsored by the pollution committee of the Lake Tahoe Area Council was attended by 24 representatives of state and county health offices and local Lake Tahoe sanitation districts.

The local public utility districts reviewed their present and future programs regarding the collection and disposal of waste material. State and county representatives underscored local predictions that present operations would have to be expanded within a five year period.

The need for immediate action was pointed out by an engineering consultant for the Placer County Water Agency when he stated "the rapid development of the Lake Tahoe and Truckee River Basin is already eliminating many potential sewage disposal sites. Failure to reserve a suitable location or locations for treatment structures or transmission lines could nullify the whole program so necessary to the future economic and recreational development of Lake Tahoe."

In a motion unanimously adopted by the group, a proposal for a complete engineering feasibility study was recommended to the Lake Tahoe Area Council. This feasibility study would include engineering and cost estimates of presently proposed or alternate plans, ways and means of financing, and legal investigations on the formation of a basin-wide agency to implement the long range operation.

While the meeting was principally devoted to the discussion of the master sewerage project, other sanitation matters involving the

Sharon Bridge, Bill Heckman, Stephen Hughes, Michaeline Rates from Tahoe City, Larry Tiler, Valynn Tustin, and Linda Colombo.

### NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

## INSECT PLAGUE IN FORESTS IS CAUSE FOR OFFICIAL WORRY

By Congressman "Bizz" Johnson

Two successive dry years have resulted in a spectacularly disastrous forest fire season in the Sierra Nevada. Less spectacular, but possibly of even greater importance, is the insect infestation which followed in the wake to two dry seasons.

Early in January, forest service and state foresters and entomologists reported that California faced its worst bark beetle infestations in 20 years.

Catastrophic losses of timber from bark beetle attacks were predicted on at least 10 per cent of the commercial forest land on which losses of timber were estimated to be over 420 million board feet. Severe outbreaks occur on three-fourths of the national forests of the state. Areas hardest hit were the McCloud Flats and Hot Creek areas on the Lassen National Forest, the Sierra National Forest, and near McGee burn on the Sequoia National Forest. Outbreaks are likewise severe on state and private lands adjoining federal land.

These figures are only part of the potential damage. Average mortality is expected on the remaining 15 million acres of commercial forest land in the state. It is not unlikely that the total loss will approach two billion board feet in 1960 which could represent a loss of about \$40 million.

These infestations pose a serious

threat to some of California's finest timber—ponderosa pine and sugar pine. Western pine beetles and Ips beetles are active.

Prolonged drought since the spring of 1958 triggered this beetle upsurge. Precipitation during the 1958-59 winter was far below normal and temperatures far above normal. This represented an unfavorable situation for tree growth and vigor and a favorable one for tree killers. Also, natural catastrophes conspired to produce conditions to the beetle's liking. Tree damage by lightning was heavy in 1958. In the southern Sierra snow breakage was severe. Forest fires were numerous and large. Recent disastrous fires will aggravate the problem. The full impact of beetle damage is unknown and will not be known for some time.

Through cooperative federal, state and private action, commendable steps have been taken toward meeting this situation. Rather than wait for natural control factors to suppress the outbreaks, a positive, aggressive approach with proven control methods was taken.

The California Forest Pest Action Council alerted all government and industry land managers and loggers. Meetings were held to get fast action on salvage logging operations. Detection surveys were strengthened and intensified in order to pin point damage centers. Standard direct control methods such as logging infested, wind-thrown and lightning struck trees; felling and burning infested trees; and felling infested trees and spraying the bark with a penetrating insecticide were employed.

Time was an important factor in this campaign. As many as possible of the infested trees had to be removed from the woods or treated before hordes of beetles emerged to attack more trees. May 1 was set as the completion date for effective treating work on the many projects. Gratifying progress was made in northern California, where the larger hazard zones occurred. On the national forests alone 86,000 infested trees were treated and 18,000 were removed by logging operations. Many additional infested trees were treated and removed on

non-federal lands. Certainly congratulations are in order for accomplishing a big project, thereby protecting California's valuable timber resources.

With a motto "Keep your bug-eyes open for fresh attacks" surveys are now underway that will provide data on needs for additional salvage and treating operations in the fall of 1960 and spring of 1961.

Research entomologists too are alert to the important problem and are investigating ways to improve control operations. One of the most promising is the use of residual insecticides. These are dilute concentrations which leave thin layers of crystals on bark surfaces. When the beetles walk over a sprayed surface, either going or coming out of the bark, they pick up enough chemical to kill them. Research is also being pushed to obtain a better understanding of insect populations and how they change, to investigate the possibilities of biological control agents, the use of systemics, and breeding of resistant trees, and in other

fields.

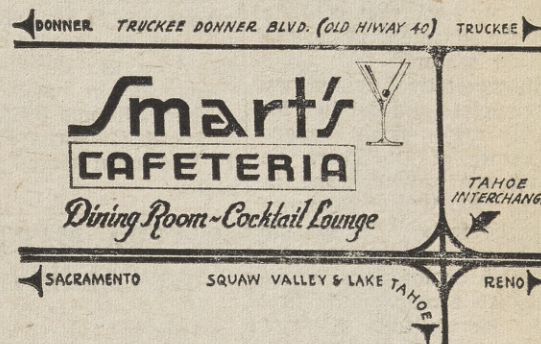

California faced a tremendous job in 1960 but good progress was made during the first half of the year in protecting its timber resources. Additional work will be needed during the last half of the year and probably in 1961 in order to suppress the beetle menace.

# DONNER MUSEUM

(Continued from Page 1)

tiful view of the lake and Donner Summit. It is expected that the division's design work will be finished in the near future at which time it will be turned over to the division of architecture for final plans and specifications.

"The funds for this project were appropriated in the last session and are good until June 30, 1961. The division of beaches and parks expects that these funds will be obligated to the division of architecture well in advance of that time and they hope that construction can take advantage of the 1961 construction season."

The interpretative center will house a complete and detailed history of the region from the geological history of the Sierra Nevada up to the present scene, including the 1960 Winter Olympics.

Among the facts to be brought out will be the name—Sierra Nevada, Spanish explorations, ethnology, Jedediah Strong Smith, first across the Sierra; first winter crossing east to west, the Bidwell-Bartleson Party, the first emigrant train to attempt the route to California, John Charles Fremont, Donner Lake in the winter of 1844, Truckee, the Donner Party, Knights of the Whip, Judah, the Big Four, the Chinese, Cape Horn, lumbering, mining and scores of other historical facts.

A complete prospectus of the proposed museum has been prepared and is available.

# LOCAL WOMEN MEET WITH CAPITAL GROUP

Mrs. Marie Reichlin, Mrs. Milla Johnson and Mrs. Liz Carroll representing the Assumption Guild of Truckee attended a full two-day program of the Sacramento Diocesan Council of Catholic Women Monday and Tuesday.

Delegates listened to such distinguished guests as Rev. Edward Kavanaugh, Father Martin Lombardi, C.S.P., Congressman Harold T. Johnson and State Senator Edward J. Regan and many others.

The afternoon program included a pool side fashion show luncheon followed by a series of workshops based on the various committees nationwide in scope.

The traditional Bishop's luncheon on Tuesday honoring Bishop Joseph T. McGucken closed the two-day parley.

# SINATRA, MARTIN IN AT CAL-NEVA LODGE

CARSON CITY—Crooners Frank Sinatra and Dean Martin and Sinatra's long-time manager, Henry W. Sanicola Tuesday became the controlling stockholders of Lake Tahoe's plush Cal-Neva Lodge by a slim margin.

Paul D'Amato of Atlantic City, night club owner who was joining Sinatra and Martin in the venture, withdrew his state gaming license application at the last minute with a resulting shift of percentage points which left the group with 50.58 per cent instead of the 57 per cent they contemplated.

Approval of the three investors by the Nevada Gaming Commission was unanimous. They are not expected to take an active role in the management of the resort.

# SOROPTIMISTS HAVE LAKE BOWLING TEAM

KINGS BEACH—The Soroptimist Flashes, the bowling team of the club named Mrs. Ruth Mizner captain of the group whose members include Tally Daneri, Barbara Spitsen, Helen Beaverson, Edith Mullis and alternate Sophie Levra.

The team played its first game September 19 in the Kings Beach Bowl opposing Jetta's Coiffures.

# LOCAL NURSE MEETS IN SEMINAR AT BAY

Gertrude I. Gilson of Truckee, head nurse at Tahoe-Forest Hospital, recently took part in the first of a series of seminars in nursing leadership presented in Berkeley by University of California extension.

The local nurse is one of 60 top-level nursing people who will participate in the two-year program. The aim of the seminars is to help nurses improve their administrative and teaching skills through a number of short, intensive conferences at regular intervals. Between conferences, the nurses will put into practice the new techniques acquired at the meetings.

## PLAN SEASON

KINGS BEACH — Sierra Stock Company of North Lake Tahoe will discuss plans for the coming season at their first meeting on Sunday, September 25 at 8 p. m. Meeting will be held at Mrs. Ray Plunkett's Crystal Bay residence. For further information call Mrs. Plunkett or Mrs. Jack Felte at Liberty 6-2406.

The research collection of the California Academy of Sciences at San Francisco includes mammals, birds, reptiles, amphibians, fishes, plant specimens, insects and paleontology.

The food and agriculture organization of the United Nations has its headquarters in Rome, Italy.

# FOUR HURT

(Continued from Page 1)

of a mile south of Truckee on the Brockway cutoff. Kumble was cited for not having the vehicle under control. He told investigating officers he fell asleep at the wheel.

## CRASHES SIGN

Albert Bergerson of Crystal Bay was not hurt when his car was wrecked against the Brockway Hotel sign near Kings Beach Friday at 9:30 p. m.

## CAR OVER BANK

Six persons narrowly averted death on September 10 in a spectacular accident near Farad when the car driven by William H. Riggsby, Jr., 29, Yuba City, skidded on the wet pavement and plunged 120 feet down the embankment, landing against the Sierra Pacific flume. The flume held the car, probably preventing more serious injury to the occupants.

Hurt were the driver, William Riggsby, Sr., 60, of Knights Landing; Mrs. Luella Peramba, 38, Mary Lee Riggsby, 29 and Benjamin M. Riggsby, 30, all of Marysville and Dovie Dean Riggsby, 29, Yuba City. No citation was issued.

## Navy Man Visits

Mr. and Mrs. Don Sites had a recent visit with their son, Donald, who is stationed on the flag ship of the U. S. Navy. Young Sites with 24 other men were guests of a San Francisco club which flew them to Reno and return where they re-joined their ship and left for San Diego.

# MARCIA LEAMON WILL HEAD GIRL SCOUTS

Marcia Leamon was elected president of Girl Scout Troop 132 at the first meeting of the school year held Tuesday afternoon at the home of Mrs. Roy Saarni, troop leader.

All members of the troop were in attendance, with the exception of Karen Hedlund and Heidi Euer, who have recently moved from Truckee.

Before the meeting was declared open for nominations, the girls voted against continuing the "patrol" type of self-government. It was decided to adopt the direct or "club" form. Discussion was also held as to how long an officer should serve, and the troop voted unanimously for a 3-month term of office.

Nominations were then heard from the floor and the election was held by secret ballot. Susan Olano, appointed sergeant-at-arms, read the results of the balloting. Besides Miss Leamon for president, the following officers were elected: vice president, Betty Saarni; secretary, Gail Englehart; treasurer, Diana Pankoke.

These officers also constitute the executive board which will meet immediately after each regular troop meeting to help formulate future projects.

Troop 132 plans to take part in the nationwide "Girl Scout Aides to Voters" program in November. Arm-bands of red, white, and blue will be designed and worn by all scouts who participate.

The girls reported individually on what badges they had completed over the summer months. These will be awarded at a Court of Awards to be held in late October.

Troop 132, a member of the Sierra Nevada Council, is under the sponsorship of the Truckee Lions Club.

## OUT OF CAST

Mrs. C. Z. Smith who broke her right foot in an unusual accident nearly a month ago is again able to be up and about with the cast. Mrs. Smith stepped out of bed and landed on her right foot in a manner which shattered the bone.

## SERVICE OFFICER

The Nevada County veterans service officer will be in Truckee, on Friday between the hours of 10 a. m. and 3 p. m. Anyone desiring to avail themselves of these services may do so at the office of Judge Posten W. Wilson, Justice Court, during the hours indicated.

# LUTHERAN MISSION WILL OPEN SUNDAY

Following two successive summer pulpits held in the Lake Tahoe city area, a Lutheran mission, sponsored by St. Luke's Lutheran Church of Reno will begin this coming Sunday, September 25 at 3 p. m. at Wyethia Hall in Truckee. The Rev. Armand E. Mueller of Reno will begin the initial service at this time. He has served the area of north Lake Tahoe and the Truckee area for the past three years and has received the impression that many living in this vast area are deeply interested in a Lutheran Church service.

Immediately following the services there will be a discussion by all interested persons in setting regular times of services together with Sunday School arrangements and Bible instructions for confirmations both of adults and young people. Also to be discussed will be future organizational and publicity activities to acquaint all Lutherans and their unchurched friends of future time and locale of mission activities.

A general invitation is extended to the general public to attend. For more information regarding the mission, write to the Lutheran Church, c/o Frank Zuber, Truckee.

# LAVONNE LUND WILL WED JAMES WENTZ

By VIRGINIA O'BEAR

Mr. and Mrs. Irvin Lund announced the engagement of their daughter Lavonne this week to Jim Wentz. Jim is the son of Mr. and Mrs. Harold Wentz of Hayward. The popular young couple plan their wedding around the Christmas holiday but the definite date has not been decided.

The wedding will take place in Stockton where most of Jim's and Lavonne's relatives live. It will be a home wedding and the bride to be has chosen her cousin, Miss Mari Ann Chastagner of Davis, for her maid of honor. Acting as best man for the groom will be Chester Fisher of Truckee.

After the wedding, the couple will make their home at Donner Lake as Jim is an engineer for the Heintz Construction Co. and is working on the Prosser Dam project. Lavonne plans to continue school at Tahoe Truckee as she is a junior this year. Everyone is wishing them a long life of happiness.

## Buys For Cabona's—

Mrs. I. Firpo has been on a buying trip to San Francisco for new merchandise for Cabona's Store.

# HUNTING PROSPECT

(Continued from Page 1)

buck. The season concludes November 6.

## NEVADA COUNTY

The report on Nevada County from the agency is as follows:

High fire hazards are expected until rains or cool weather. Good access on the east slope and fair on the west. Roads about same condition as last year. Most of the area will be open to public hunting. The lower western portion is private land and access is generally restricted to hunters that are known by the landowners. Deer are scattered and in good condition. Very few deer were lost in the Donner Ridge fire. Deer feed is fair, with water in shorter supply than normal. Fawn survival and buck carryover from last year were good. Most antlers will be out of the velvet when the season opens. The buck kill was the highest last year since the peak year 1954. It is expected that this season will be another good year.

## SIERRA COUNTY

High fire hazard. Good access and improved over last year. Most roads in fair condition. Some side roads impassable for low cars. Most areas open to the public. Mid-elevations will probably have the highest populations of deer this year. Hunter success will probably be best above 4,500 foot elevation. Deer are in good condition. Feed is almost normal but will decrease in quality as the season progresses.

## PLACER COUNTY

The present high fire hazard is expected to remain until substantial rains or cool weather. Access only fair due to rough terrain. Main roads in good condition. Side roads are often inaccessible to low cars. Most public and private land inside national forest boundary open to hunting. Exceptions are the 46,000 acre French Meadows Refuge and a few sections of patrolled private land. Deer well scattered. Migratory deer in middle and higher elevations. Migratory deer in fair to good condition. Resident deer in fair condition.

# The Toodles

by BAERS 9/25

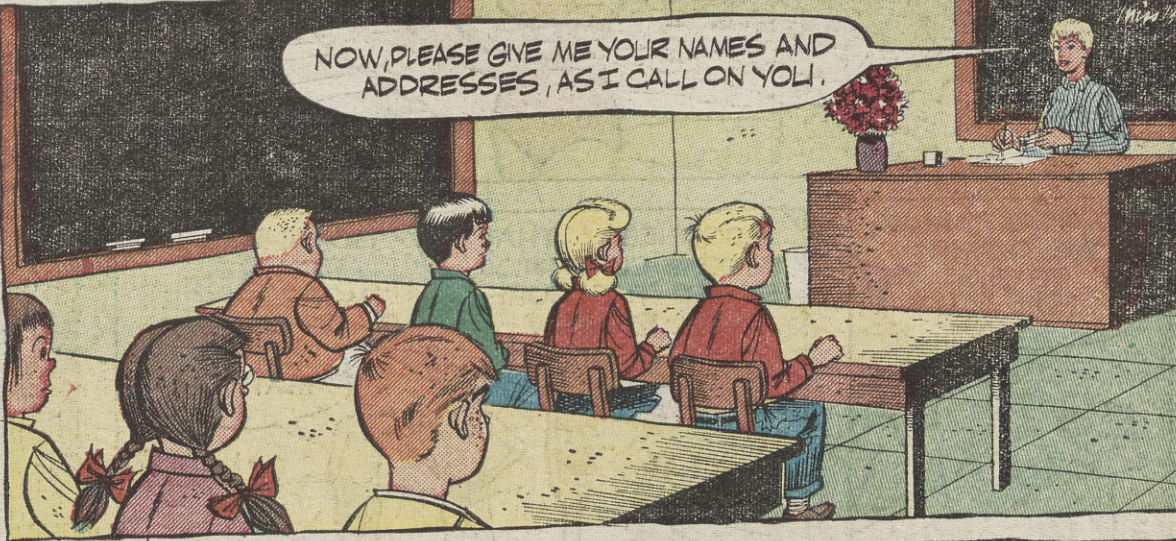

Hi, DEBBIE! WE'RE SURE GLAD YOU GOT "PERMOTED" WITH US!!

SO AM I, PAT - BUT PLEASE REMEMBER TO CALL ME MISS BUNDY!

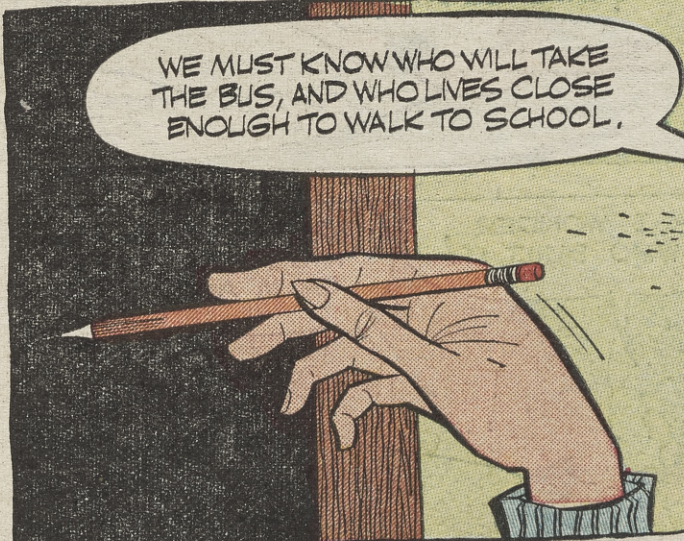

SEE, PENNY? I TOLD YOU SHE'D BE MAD CAUSE LARRY MARRIED LAURA INSTEAD OF HER!

PLEASE BE SEATED! I'D LIKE TO GET ON WITH THE ROLL CALL.

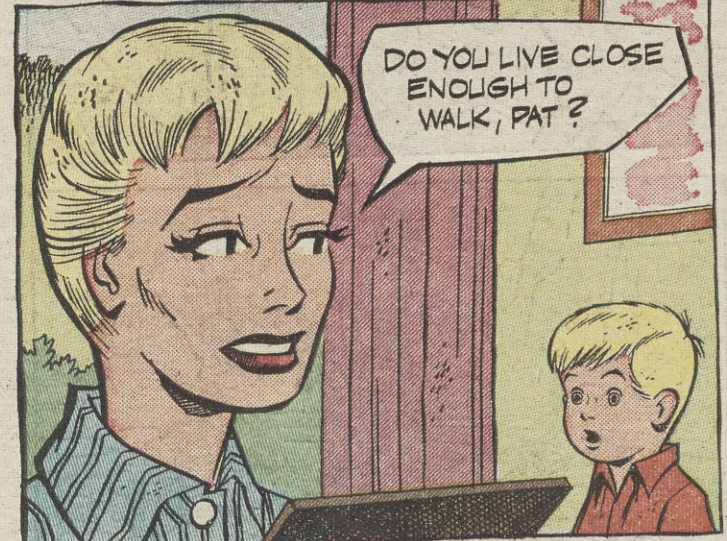

NOW, PLEASE GIVE ME YOUR NAMES AND ADDRESSES, AS I CALL ON YOU.

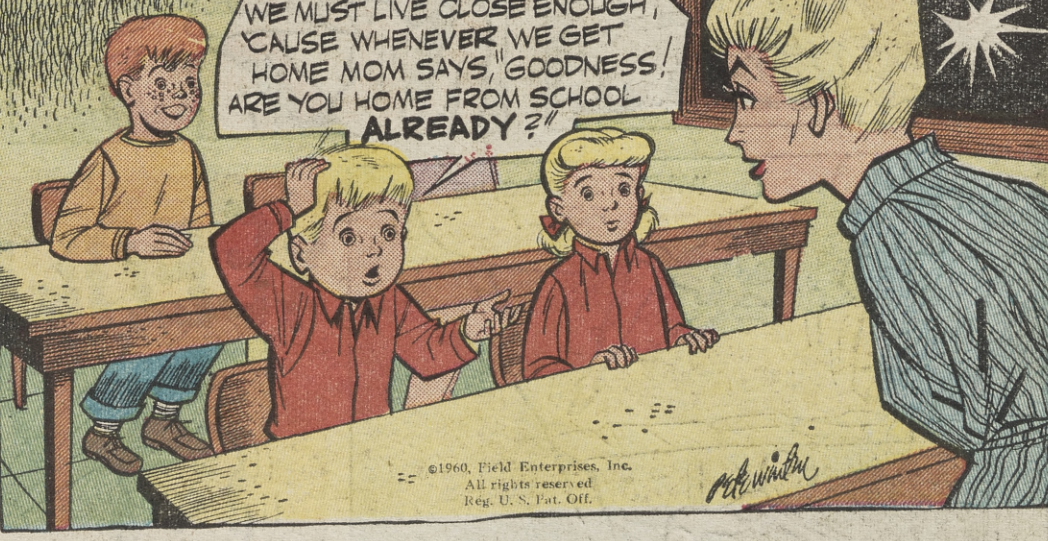

WE MUST KNOW WHO WILL TAKE THE BUS, AND WHO LIVES CLOSE ENOUGH TO WALK TO SCHOOL.

DON'T PUT US DOWN FOR THE SCHOOL BUS AGAIN. WE'D RATHER WALK.

DO YOU LIVE CLOSE ENOUGH TO WALK, PAT?

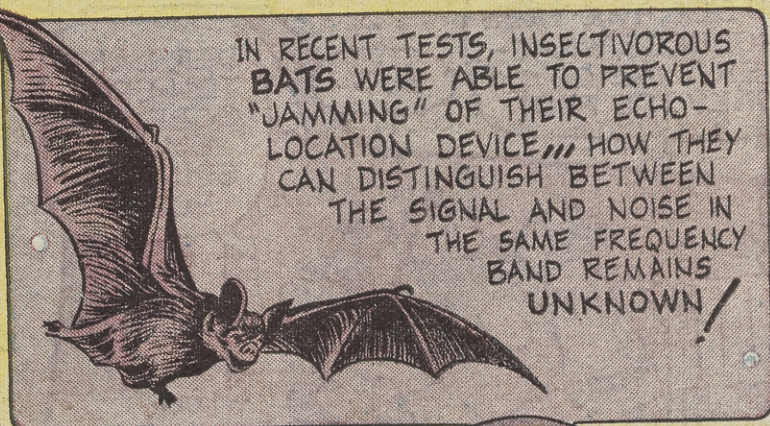

WE MUST LIVE CLOSE ENOUGH, 'CAUSE WHENEVER WE GET HOME MOM SAYS "GOODNESS! ARE YOU HOME FROM SCHOOL ALREADY?"

A GIANT MOTH of Madagascar HAS WINGS 10 INCHES LONG!

IN RECENT TESTS, INSECTIVOROUS BATS WERE ABLE TO PREVENT "JAMMING" OF THEIR ECHO-LOCATION DEVICE. HOW THEY CAN DISTINGUISH BETWEEN THE SIGNAL AND NOISE IN THE SAME FREQUENCY BAND REMAINS UNKNOWN!

THE IMPERIAL NAME OF CAESAR SURVIVED AS A TITLE UNTIL 1918! "KAISER" WAS THE OFFICIAL DESIGNATION OF GERMAN AND AUSTRIAN RULERS

WILLIAM MILLER, American seer, FOR 26 YEARS PREDICTED THAT THE WORLD WOULD END IN 1843! WHEN A METEOR SHOWER FELL OVER NEW ENGLAND IN 1833, MASS HYSTERIA SWEEPED ACROSS THE UNITED STATES -- CROPS WERE LEFT UNHARVESTED AND THOUSANDS GAVE AWAY ALL THEIR POSSESSIONS!
